REMARKS

Claims 1, 2, 4, 5, 7, 8, 11, and 13 are presented for further examination. Claims 1, 4, 11, and 13 have been amended. Claims 3 and 12 have now been canceled.

In the Office Action mailed April 15, 2004, the Examiner found claims 3, 4, 12, and 13 to be allowable if rewritten into independent form. Claims 1, 2, 7, and 11 were rejected under 35 U.S.C. § 103(a) as unpatentable over Maruyama et al. in view of Kohl et al., Swanson et al., and Microelectronic Circuits book by Sedra/Smith. Claims 5 and 8 were rejected as obvious over these references and further in view of Iwatani et al.

Applicants have amended the claims so that the limitations of claim 3 are now included in claim 1. Hence, claim 1 is now allowable claim 3 rewritten into independent form. Applicants submit that claim 1 as well as dependent claims 2, 4, 5, 7, and 8 are now in condition for allowance.

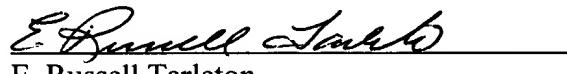

Claim 11 has been rewritten to include the limitations of allowable claim 12. Hence, claim 11 is now claim 12 rewritten into independent form. Applicants respectfully submit that claim 11 and dependent claim 13 are now clearly allowable.
